

MATERIALS

Bracelet length: 35 cm (twice around your wrist)

Super8 (S8) – color no. 29425

Miyuki round 11/0 color 420 (M11)

20 pcs 5328 Swarovski bicone 4 mm color Light Siam (SWB)

Jewelry lock

Nylon 0,18-0,2 mm

Beading needle

This tutorial was created for the Czech beading magazine KORALKI

New beads: Super8

Super8® BEAD
The most delicate version of a double hole bead. Small size of approx 2.2 x 4.7mm, slim waist, in the shape of an 8. Many of the classical stitches for double hole beads work for this one too, with a more graceful appearance.

Miyuki seed beads 11/0

Figure 6

S8 have numbers for better orientation in figures.

Step 1

Put beading needle on comfortable length of nylon. Let's start with fixing lock, but I suggest to connect lock by jump ring. Put on 1 S8 and sew it into the second hole, add lock, 2 S8, fix it again to the second hole and SWB. By strong knot make ring of beads (fig. 1). You can sew it one time more through for to be sure it is really keeping together.

Step 2

Take 3 S8, sew again SWB and take 4 S8. Needle goes back to both SWB and 3 S8. Take 5 S8 and sew through upper hole in 3 S8. Add 6 S8 and continue into the second hole of 4 S8. Add 7 S8, sew into the second hole and put together by sewing into upper hole together 6 and 5 S8 (fig. 2).

Step 3

Put M11, 8, 9 a 10 S8, M11 on needle and again sew into 7, 6, 5 M. To fix it better sew again M11 and 8-10 S8 (fig. 3).

Step 4

Continue to the upper hole of 10 S8, Take 11 S8, sew into the upper hole 9 S8, add 12 S8 and sew into the upper hole 8 S8 (fig. 4). Sew into the upper hole of 12 S8, add SWB and continue into the upper hole of 11 S8.

Step 5

Add 13 S8, go back to SWB, go to 14 S8 and again into both SWB and 13 S8 (fig. 5).

Step 6

Put 15 S8 on needle, sew into the upper hole of 13 S8, add 16 S8, sew into the upper hole of 14 S8 and add 17 S8. Continue into the upper hole and also into the upper holes of both 16 and 15 S8.

You can see you have been working same way with beads 5, 6 a 7 S8 on figure. So, add following 10 beads S8 same way. Repeat the same steps till bracelet length satisfies you. Do not forget to sew in the second part of lock between couple of S8 at the end. It can be even twice or three times wrapped around your arm, how you like it
